Dear Mr. Fisher:

Thank you for your letter concerning the Firearms Control Act of 1968. As a matter of fact, I was opposed to the enactment of this legislation, voted against it, and have subsequently protested the outrageous regulations enacted by the IRS which they claim carries out the purpose of the law and which in my view go far beyond the intent of Congress. I enclose a copy of my statement to the press in connection with this matter.

On March 12, with the cooperation of Oklahoma Congressmen Steed and Edmondson, I introduced a bill for the purpose of repeal of this onerous law. I hope we can have the Committee consider this legislation, copy of which is enclosed, and bring it to the Floor of the House for a vote. You may be sure I will do all that I can to remove this law from the statute books.

Sincerely,

CARL ALBERT, M. C.
