The Honorable Carl Albert  
Congressman Third District  
Washington D.C.  
House of Congress.

Dear Sir; On the eve of our Independence Day, I would remind you that we here are still Americans, still believe in our great Nation & still do not believe in gun control, and send this as a humble reminder that there are people still trying to disarm the honest law abiding citizen and place us in the same area as the hoodlum or law breaker.

I would urge you to not forget that most do not want gun control or registration or licensing.

Thank you  
Sincerely  
Bill Telfman

Mr. Bill Tillman

Dear Mr. Tillman:

Thank you for your letter. I thoroughly agree with what you have to say. As a matter of fact, I was opposed to the enactment of the Firearms Control Act of 1968, voted against it, and have subsequently protested the outrageous regulations enacted by the IRS which they claim carries out the purpose of the law and which in my view go far beyond the intent of Congress. I have introduced a repeal bill and hope that we will be able to get the Congress to do something to hold back these onerous restrictions upon sportsmen.

Sincerely,

CARL ALBERT, M. C.
