Dear Mr. Smith:

Thank you for your letter concerning the firearms control legislation passed in the 90th Congress. Total repeal may be difficult but the bill which Congressmen Edmondson and Steed and I introduced on March 12, H. R. 8822, was proposed for this purpose. I hope we will be successful in rolling back some of these onerous restrictions upon sportsmen and law-abiding citizens. I appreciate your support.

Sincerely,

CARL ALBERT, M. C.
